Hi! I'm

Aleksander Drwal

Computer Science student
Warsaw Univeristy of Technology

Software Developer
Full stack

About me ⌄

Short bio about me

Frontend Developer

Havrium
2024 - 2024

Designing UI/UX. Implementing UIs in React.

Software Developer

IT Solutions RDNK
2023 - 2024

Creating automation tools for e-commerce.

Passionate Computer Science student with a strong interest in software development, devops and UI/UX design. Coding is fun! I spend many hours creating new open-source side projects and learning never-ending new technologies. Most of my projects are self-hosted on personal server running Ubuntu Server 24. In my free time I climb and do rugs 🔴 .
